

Ways to support your Year 2 child.

Summer Term

If you would like to support, extend or challenge your child further this document will guide you to additional resources and ideas that will support or extend the work they will do in class.

English

Reading – Visit your local library to find some interesting non-fiction books or different stories that you can read together.

Oxford Owl – You can log in to Oxford Owl using the details below to access different books for your child to read.

Username – hempclass2

Password – peg4

Grammar and Punctuation – Click [here](#) to watch the video clips to find out more about conjunctions, and have a go at the activities.

Maths

Click the links below to find lessons and games to support your learning in maths.

Numbots – click [here](#)

Weight – click [here](#)

Capacity – click [here](#)

Measuring – click [here](#) or [here](#)

Recap Money – click [here](#)

Other subjects.

PHSE

Look at photos from when you were younger, think about all the things you can do now that you were unable to do then.

Give yourself a challenge to learn something new, or get better at something you can already do (eg kick a ball to a target 10 times and try to beat the number of targets achieved; speed read your buzz words – how many can you read in 1 minute and try to beat your score; learn to roller-skate/ride a bike/use a scooter etc.) Practise makes progress!

Science

Observe different plants and trees in the local area. Plant a sunflower seed and see how tall it grows. Fruit and veg are always fun to grow too.

Design and Technology

What is your favourite dip? Have a look in the cupboard and fridge at the different dips. Look at the ingredients and taste them.

History

Have a look at the BBC Bitesize Titanic information click [here](#).

Art

Learn more about Vincent Van Gogh by watching this video click [here](#)
